**Subject:** Coal Hollow Project

Dear Sir or Madam:

I am writing to express my support for the Coal Hollow Project in Southern Utah. In a time when we are all so concerned over the problems our country is facing from energy shortage as well as economic downturn I cannot think of a local project more suitable for advancement!

I have every confidence that this project can be done in manner friendly to the environment while still adding greatly to our energy independence. Coal has long been the lifeblood of Utah as well as a source of job security for thousands of our fellow citizens. I for one hope to see us continue as a big producer for a long time to come, so please help us get this accomplished.

Sincerely yours,

Dan Briggs  
St. George, Utah.
